Laying the foundations of the future

METAXAKIS ATHAN. A.B.E.E. Group of Enterprises has been active in the overall field of contract furniture for more than 50 years and enjoys the utmost recognition both in the Greek market and in the 30 foreign countries where it exports.

Describing a dynamic path of growth for a number of years, METAXAKIS Group is unquestionably the Leader in its field, offering unique products and services which fulfil every demand and exploit the facilities of all companies in the best of ways.

From A to Z

METAXAKIS ATHAN. A.B.E.E. Group's vertical production process spans from the study and design stage, to the certified final production and delivery of the products.

This is one of the elements which ensure the complete coverage of professional furniture requirements of every company, from the private and public sector.

Hotels, restaurants, cafes, bars as well as companies looking for comprehensive solutions for the office, describe the group's extended clientele both from Greece and the international market.

Warranty - Support

All products undergo the strictest quality controls, come with a written warranty, and are fully covered by the group's technical support department!

All around coverage

The primary production stage in METAXAKIS Group's factories in Greece and abroad, combined with the large imported quantities from selected partners, ensure the market's best prices, without any "sales" in the quality of products.

The experience and training of the Group's personnel guarantee the best possible results in the study, design, implementation and optimal exploitation of all spaces.

By meeting the requirements and requests of each customer separately, we offer products and services that are "tailored to fit" your desires.

As a result of this, we regularly maintain the largest collection of furniture and related articles in Greece, satisfying the most demanding expectations in the best of ways.

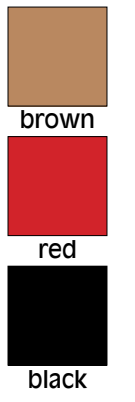

An exporting force

The international activities of Group and the 50 years of its products' dynamic presentation all over the world proves in the best way the quality of the name who signs each product.
